Career Objective

Motivated and enthusiastic Computer Science and Engineering student seeking opportunities to apply my technical knowledge and communication skills in a challenging environment. Passionate about continuous learning, problem-solving, and contributing to the success of the organization.

Education

Qualification/Institution	Percentage / CGPA
B.E. Computer Science & Engineering (Pursuing) K.S.R. College of Engineering	–
HSC (Class XII) Govt. Hr. Sec. School, Manalijedarpalayam	82%
SSLC (Class X) Govt. Hr. Sec. School, Manalijedarpalayam	91%

Technical Projects

E-Commerce Website

What I Did: Designed and developed a dynamic e-commerce web platform enabling product browsing, user authentication, and a basic shopping cart system.

How I Did: Implemented using HTML, CSS, JavaScript, and PHP for backend, with MySQL as database for storing user and product data.

Impact: Improved understanding of full-stack development; built a scalable prototype that can handle product catalogues and user sessions, strengthening practical skills in web technologies.

Achievements & Certifications

Hackathon Participation: Represented team at National Level Hackathon at Hindusthan College of Engineering & Technology, where innovative problem-solving and teamwork were showcased.

Certifications: Completed 3 MATLAB Onramp Courses, gaining practical exposure in numerical computing, simulations, and algorithm development.

Public Speaking Excellence: Secured First Prize at State-Level Public Speaking Competition among 150+ participants, demonstrating exceptional communication and persuasion skills.

Technical Skills

Programming: C, Python, Java (basic)

Tools & Platforms: MATLAB, MySQL, Git/GitHub

Web Technologies: HTML, CSS, JavaScript, PHP (beginner-level)

Soft Skills

Strong Public Speaking & Presentation Skills

Leadership & Team Collaboration

Analytical Thinking & Problem-Solving
